ABOUT EXFOLIATING OLIVE SCRUB

A perfect recipe to unhide the beautiful skin hidden within! Believe it that this COSMETO-FOOD™ APS exfoliating olive scrub in pearl form gently exfoliates your skin with the generosity and roundness of olives that add a gourmet touch to its application. It utilizes the unique combination of MONTANOV™ 202 and PROTEOL™ APL for a complete and soft cleansing experience. Scientifically proven goodness of SEPIMAX™ ZEN and SOLAGUM™ AX offers a unique sensation for hygiene formulas and good particle stabilization. Presence of SEPITONIC™ M3 energizes and stimulates the skin for a rejuvenated look; along with AQUAXYL™, hydra concept technology, to prevent loss of skin moisture using a super-sealing hydro-lipid barrier! Get on; it is time to awake the beautiful in you.

Why use Exfoliating Olive Scrub...?

- « Exfoliates skin Energizes & stimulates the skin for a rejuvenated look.
- « Rejuvenates skin cells and speeds up tissue growth.
- « Wipes off stagnant tan.
- « Unveils a soft silky and touchable skin.

HOW TO USE

Take a dap of the Scrub and massage for 5-10 minutes all over your face, neck and cleavage. Don't rub it in too heart and avoid getting the scrub on the area around eyes. Can scrub little harder are on forehead, nose and chin. Make sure you get it all off when you wipe off it.

Most Ingredients are ECOCERT Approved

95% Natural Ingredients.

Active Ingredient.

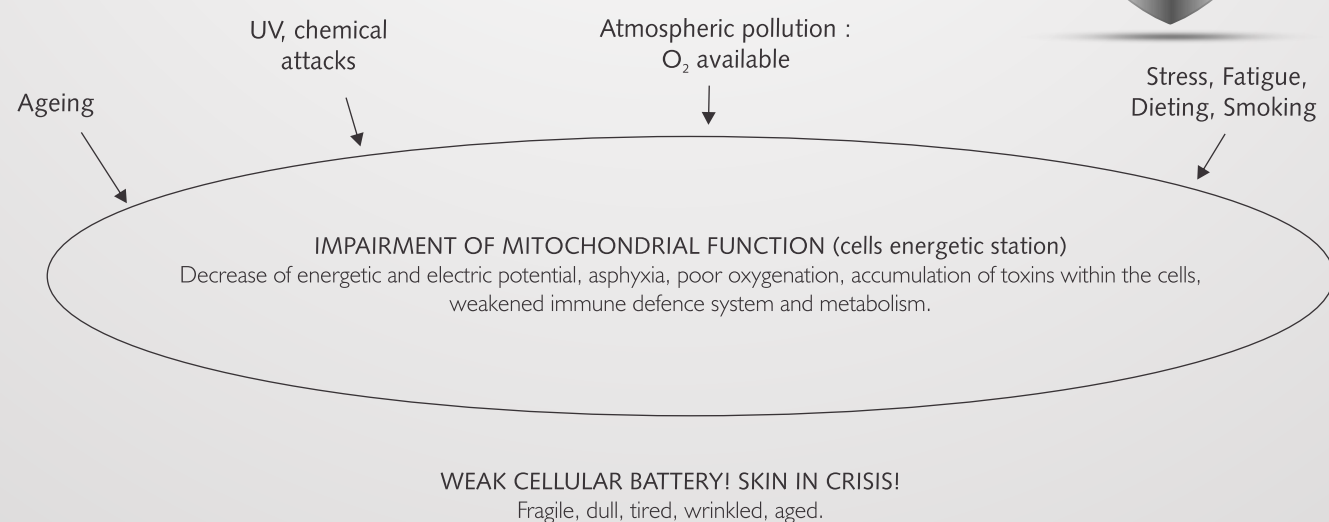

SEPICALM™ S

- « A multimineral chrono energize.
- « The mineral it contains reveals electric signals similar to the skin natural bioelectricity.
- « It has anti-radical effects. Cell are vitalized and also protected from the harmful effects of the free radical.
- « Detoxified, the skin preserves its natural defense.

CLINICAL DATA

SEPICALM™ S.

SEPITONIC M3 : CELLULAR CHRONO-ENERGIZER

SEPITONIC M3: CELLULAR CHRONO-ENERGICZER

Bioelectricity : Key element to proper cell function

« Electricity naturally present in our body.

« With age, bioelectricity becomes less intense: -50% at 65 years compared to at under 30 years.

« The decrease in electric signals slows the cellular metabolism.

Olive Base Tapenade recreates electric signals similar to the skin's natural bioelectricity.

« The minerals that it contains act like mini-battrees to recreate tiny electric signals at the surface which by circulating, stimulate the cell's activity.

Summary of actions

- 1) Chrono-energizing effect - A genuine "breath" of fresh air! Radiantly healthy skin!
- 2) Anti-radical effect - Detoxified, the skin preserves its natural defences!
- 3) Active ingredient booster effect - For optimised effectiveness of other active ingredients!
- 4) Anti-glycation effect - By limiting the consequences of ageing, the skin remains younger looking, for longer! Firmness and elasticity are maintained.
- 5) Communication effect - Restores the dialogue between keratinocytes, resulting in a more even radiance!
